

QUEBEC

MOTORCYCLE AND POWERSPORT

ECONOMIC IMPACT

The use of motorcycles and off-highway vehicles not only encourages Quebecers to enjoy the province's network of roads and trails, but to serve as a key form of transportation for daily use, generate critical tourism activity and contribute to Quebec's overall economic output.

**Off-highway vehicles include motocross, dirt and adventure motorcycles, all-terrain vehicles (ATVs), and side-by-sides. Source by MNP LLP.
