INTRODUCTION

Welcome to MOTO CANADA. As a member of MOTO CANADA, you will become part of Canada's leading powersport industry organization, representing a culture that is respected and valued across the country and around the world.

Founded in 1971, MOTO CANADA was created as a not-for-profit organization representing the interests of the manufacturers and distributors of motorcycles, scooters, all-terrain vehicles, side-by-sides and related industries in Canada. We work every day to promote the positive and responsible sale and use of these vehicles in every jurisdiction in Canada and we welcome new members to join our organization.

In short, we exist so Canadians can ride. We look forward to working with you. Thank you for your interest in our industry.

Sincerely,

Landon French
President
MOTO CANADA

PURPOSE OF THE ORGANIZATION

MOTO CANADA

We exist so Canadians can ride.

At MOTO CANADA, our mission is to represent the interests of powersports in Canada.

We do this by complementing members activities to enhance ridership, helping members responsibly and successfully operate in Canada and we provide objective industry thought leadership and information.

How We Work

We work directly with member companies to help Canadians ride every day through government advocacy at all levels, public communications and marketing, technical standards and reporting, collaboration with other like-minded organizations, market statistics and research, and support for rider communities.

What We Represent

Our members produce and distribute the world's leading brands of motorcycles, scooters, ATVs and Side by Sides. We also understand that these vehicles come in a variety of sizes, formats and features and we work to pave the way for these vehicles and the vehicles of the future.

Membership

Moto Canada has two membership classes, Tier I and Tier II. Tier I is designed for established manufacturers and distributors, while Tier II members are emerging industries and other industry partners.

TIER I MEMBERS

NOT-FOR-PROFIT, FOR-PROFIT & THE COMPETITION ACT

Not-For-Profit v. For-Profit

MOTO CANADA is a not-for-profit entity with two classes Members, Tier 1 Members and Tier 2 Associate Members. The organization is not a registered charity and can conduct business activities like for-profit corporations. The proceeds from activities are re-invested in the organization.

Relationship to MOTO CANADA CONNECT (8061246 Canada Inc.)

MOTO CANADA has a wholly owned subsidiary, 8061246 Canada Inc., also known as MOTO CANADA CONNECT. MOTO CANADA Connect is a for-profit corporation that is largely responsible for the MOTO CANADA Motorcycle and Powersport Shows across Canada each year. MOTO CANADA Connect also enters various joint ventures and other partnerships to grow the industry and generate revenue for MOTO CANADA to help keep membership fees low.

Abiding by the Competition Act

MOTO CANADA is a trade association subject to the Canadian Competition Act. Trade associations bring together people working for or owning businesses with common goals and interests. This allows association members to discuss industry challenges and business development ideas. Because of this, trade associations and their members must be aware of how these discussions risk violating the Competition Act, including provisions that prohibit activities such as bid-rigging, price-fixing, and other anti-competitive practices.

Violations of the Act can have severe consequences for associations and members, which is why everyone involved in MOTO CANADA is responsible for ensuring compliance with the Act.

TIER I MEMBERSHIP FEES

Each year, the MOTO CANADA Board of Directors determines the amount required to operate the organization for the upcoming year. Once this amount is determined, the total annual fees for Tier I Members is determine total annual fees for Tier 1 MOTO CANADA members based on annual dues and a per-unit wholesale amount.

The Fee Assessment Model is as follows:

Annual Dues + Market Share = Total Annual Fees

The Fee Assessment Model divides Members into three groups based on the total number of units they sell at wholesale in Canada in the previous year.

Group	Units Sold Annually	Annual Dues
A	0-4,000	\$20,000
B	4,000-10,000	\$30,000
C	10,000 +	\$50,000

Fee Assessment Example – Member XYZ

1. Total MOTO CANADA Budget for 2024 = \$1,800,000
2. Amount collected from Annual Dues = \$460,000
3. Amount collected from Revenue Fee Assessments = \$1,340,000
4. Member XYZ Wholesale Sales Volume in 2024 = 1,500 units
5. Total units sold at wholesale in Canada 2024 = 75,000
6. Member XYZ Total Market Share in 2024 $1,500 \times 75,000 = 2\%$
Therefore:
7. Member XYZ Annual Dues = \$20,000

Any breach of these requirements shall be sufficient cause for the Board of Directors to terminate the membership of a Tier 1 Member and or prohibit future attendance at Board meetings without further notice to the Director. The failure of the Board of Directors to exercise the right granted to it herein upon the occurrence of the contingencies set forth above shall not, in any event, constitute a waiver of any such rights upon the recurrence of any such contingency or contingencies.

The undersigned representative of the Tier 1 Member hereby reaffirms his/her agreement to uphold both the principle and practice of not disclosing confidential information related to the corporation and acknowledges that he/she understands the potential consequences of breaching the confidentiality provisions.
